## **New Dealers – Sleep Health Centers – June 7, 2011**

Minneapolis-St. Paul, MN (June 7, 2011) – Somnetics, International Inc., the maker of the Transcend travel CPAP, is pleased to announce the addition of Sleep Health Centers, CPAPUSA.com and CPAPPlus.com to its list of dealers.

**Sleep Health Centers** - Commonwealth, located at 1501 Commonwealth Avenue, Brighton, Massachusetts 02153, 617-783-1441

CPAPUSA.com, internet dealer

CPAPPlus.com, internet dealer

Transcend is a new wearable sleep apnea therapy device designed to be the ultimate travel CPAP. Transcend fits the travel needs of sleep apnea patients and overcomes hurdles associated with using a bulky, hassle-ridden traditional sleep machine including:

- it is the smallest, most portable CPAP available
- it weighs less than 1 lb, making it the lightest CPAP on the market
- it uses low power consumption
- battery pack and mobile power options allows for CPAP use in remote locations
- a small, hygienic heat moisture exchanger for humidification replaces the water-filled humidification chamber
- it's universal AC power supply automatically converts power current outside the United States
- it automatically compensates therapy pressure to altitudes of up to 8,000 feet
- it is FAA compliant

Transcend is also available from: Monitor Medical, CPAP.com, CPAP Supply USA, CPAPXchange.com, Direct Home Medical, CPAP Services, Sandman Technologies, and Helget Medical Supply.

### **Transcend is a Somnetics, International Inc. Product**

Somnetics, International Inc. is a privately held Minnesota-based medical device company and is an emerging leader in customer-driven design, development, and production of respiratory medical devices. Somnetics' mission is focused on integrating technology, customer input, and employee creativity to provide innovative, high quality products that improve the lives of people with respiratory disorders. It received FDA market clearance for the Transcend CPAP machine in July 2010. Transcend is protected by several issued and pending US and foreign patents.
