Small but Mighty Powerhouse Redefines Convenience

Meet the Transcend Micro™ – the smallest, lightest CPAP on the market. Designed to deliver the comfort and effectiveness of a stationary device, the Transcend Micro's simple design and optional battery pack make it ideal for carry-on travel.

“

I was surprised by its size, weight, and performance. I decided to use my Transcend Micro™ on a fabulous backpacking trip. I enjoyed restorative sleep every night for a month. I loved it!
